Design Your Home - Shayna Blaze

Let Shayna help you find the perfect decorating solution.

Shayna Blaze is a qualified Interior Designer with over twenty years of experience in creating interiors for both residential and commercial spaces. Her career began with a passion for art which grew into a love for transforming sketches into 3D with complete interiors. Her designs have been featured globally in publications such as *1000 Global Interiors* as well as countless design magazines and lifestyle editorials.

Shayna uses her previous experience in writing feature articles for *Luxury Home Magazine*, *Grand Designs Australia*, the property section of Melbourne's *Sun Herald* and *The Lifestyle Channel's* website to write her first book, *Design Your Home*. She has also shared her knowledge and insights with the public on award winning TV shows such as *Selling Houses Australia* and *The Block*.

Shaynna is an Interior Designer, Artist, Writer, TV Presenter, Public Speaker, Judge, Singer and now Author – but these are just titles to describe her many talents in the creative medium.

H2O Designs previously created a water feature with Shaynna and we are honoured to be featured in *Design Your Home*.

The water feature consists of three elements: inbuilt planter box, lighting and planting. The trough measures 2800mm (l) x 800mm (w) with 3 internal arms and an overall height of 1720mm. The water feature is made from LICOM76™ and clad with decoratively brushed stainless steel and finished in a specialty corten finish.

Click on the images below to view Shaynna's interview with Rob as they discuss the complexities of water feature design.
